

## VLE Third-party Notice

February 2021

This policy has been created in line with the Trust's general Privacy Notice

<https://tavistockandportman.nhs.uk/about-us/contact-us/about-this-website/privacy-and-your-data>

### Purpose of the Third-party Notice

The purpose of this document is to:

- Identify third parties with whom your data may be shared;
- Provide reassurance that your data is managed and retained by these third-parties in accordance with the General Data Protection Regulation 2018.

Our legal basis and that of our contracted third parties for processing your data is legitimate Interest – to allow us to manage your educational experience with us.

We maintain SLAs (service level agreements) with all our third-party vendors. All have been reviewed for GDPR compliance.

### Third-party platforms

The following platforms are integrated within Moodle as plugins or are available through Moodle.

- *Vimeo* is a video streaming service based in the United States. It hosts some of our education and training videos, which are then streamed into Moodle using embed links ([www.vimeo.com](http://www.vimeo.com)).
- *DaCast* is a video streaming service based in the United States. It hosts some of our education and training videos, which are then streamed into Moodle using embed links.

### Vimeo

1. This is an external platform that hosts the Trust-produced videos used on our online, blended and face to face courses.
2. Vimeo is based in the United States. Videos streamed from Vimeo appear as embedded assets on a Moodle page.
3. No personal data is collected when watching an embedded Vimeo video in Moodle. Anonymous general data relating to number of views and completions of the video is recorded.
4. Vimeo's Privacy Policy as it related to the EU/UK is available here: [https://vimeo.com/privacy#intl\\_data\\_transfers\\_certain\\_user\\_rights](https://vimeo.com/privacy#intl_data_transfers_certain_user_rights).

### DaCast

1. This is an external platform that hosts the Trust-produced videos used on our online, blended and face to face courses.
2. DaCast is based in the United States. Videos streamed from DaCast appear as embedded assets on a Moodle page.
3. No personal data is collected when watching an embedded DaCast video in Moodle. Anonymous general data relating to number of views and completions of the video is recorded.

4. DaCast's Privacy Policy as it related to the EU/UK is available here:  
<https://www.dacast.com/privacy-policy/#:~:text=DACAST%20may%20use%20Non%2DPersonal,demographic%20information%20about%20DACAST%20customers.>
